

MAKING THE 2030 GOALS A REALITY!

About

In the framework of Agenda 2030 and the Paris Climate Agreement the #women2030 programme is created. A coalition of four women's rights and gender equality organisations facilitates the participation of women+ and gender network organisations in policy development and monitoring, mobilizing citizens' support, and sharing best practices. The #women2030 programme engages local, national and international women's rights and gender equality organisations in order to build capacity of civil society organisations (CSOs) and to implement the Sustainable Development Goals (SDGs).

How we work

In our pursuit to achieve a more equitable, inclusive and sustainable development, we organise #women2030's activities into 3 programme areas:

- Capacity-building and strengthening of women's and gender civil society organisations
- Policy monitoring and advocacy with meaningful public participation of women from different backgrounds
- Outreach and awareness raising to promote and increase awareness about gender equality

#HerstoryofChange

Read the inspiring stories of how our partners are engaging local communities, activists and decision-makers in ensuring women's human rights and gender equality in all policies on sustainable development. Find the stories on social media (Facebook, Twitter, Instagram) and on women2030.org/our-stories

Aim

The Women 2030 programme's aim is to advance local and regional, equitable, inclusive and environmental sustainable development processes. The strength of #women2030 is that it has a bottom up approach to implementing the SDGs. Our programme builds on the collaboration between the facilitating partners and local women's & gender equality partner organisations. We originally aimed to reach the below beneficiaries, but as you can see in the "three years in numbers" we had a much higher impact than we could have expected.

- 60 expert CSOs
- 200 Member CSOs
- 2.000 Local CSOs
- 10.000 beneficiaries

Three years in numbers

159

experts in 61 countries trained and mentored CSOs, local authorities and other SDG implementers

23

shadow reports and 16 gender assessments were produced by our local partners, with guidance from #women2030

486

CSOs in 55 countries have received trainings on gender equality, SDGs and how to build capacity of their local CSOs

240

women CSOs participated in local and national SDGs and climate action planning

18,112

people benefited from capacity building initiatives and trainings on the SDGs at a local level

66.8

million people were reached online and up to 115 million people through mainstream media

Where we work

We work together with our local partners in over 50 countries. Below is a map showing the scope of our work:

Facilitating partners:

The #women2030 programme receives funding from donors, including the European Commission, Europeaid, and the Deutsche Gesellschaft für Internationale Zusammenarbeit.
